

WELCOME TO FREY ANGUS RANCH

Hello and Welcome to our 42nd Annual Production Sale.

February 5th, 2017

We appreciate you making the effort to be with us today. If there is anything we can do for you, please ask anyone of us for assistance. Please help yourself to the donuts and coffee.

Lunch will be served at 11:30 a.m. and the Sale will begin at 1:00 p.m.

Please also stop at the office to sign up for your Buyers Number.

PENNING ARRANGEMENTS

SALE CATTLE will be penned according to the attached map of pens.

ULTRASOUND CARCASS EVALUATION

Ultrasounds were performed on 1-27-17. We were again pleased with the outcome. Our average ribeye size was 15 sq. inches on the Angus bulls and 13.7 sq. inches on the Red Angus bulls. The average %IMF for the Angus bulls was 3.90 and 3.42 for the Red Angus bulls. Adjusted yearling weights were determined with the scan weights. The Angus bulls averaged 1320# and the Red Angus bulls averaged 1257#. The younger bulls have actual data only shown.

For those of us that feed cattle, we know gain ability is an important trait as well as carcass yield and quality. The *FREY CATTLE* appear to cover all bases.

Please refer to the supplement sheet on the ultrasound information, adjusted yearling weights, carcass EPD's and updated \$B values.

LOTS OUT OF SALE

2, 4, 18, 94, 98, 103, 121

Thank you for being with us, come again anytime!
Please let us know if we can help you in anyway.

THE FREYS
