Logan Hoffman, DV Auction Videographer 701-388-2618

Buyers unable to attend the sale may send their bids to the sales consultants, livestock press representative or auctioneer.

SEMEN INTEREST:

Frey Ranch will retain 1/3 revenue-sharing semen interest on all bulls selling in this sale unless otherwise stated. The buyer receives full possession and 100% salvage value.

ORDER BIDS:

Buyers unable to be present may contact us for assistance. Bulls sent on order by management will be guaranteed to meet the buyer's acceptance. Buyers may also contact the auctioneer or ringmen for assistance.

TERMS:

The terms of the sale are cash or check payable to the sale facility unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

ANNOUNCEMENTS:

Errors discovered in the catalog will be corrected by announcements from the auction block at sale time, and such corrections will take

precedence over the printed material in the catalog.

VOLUME DISCOUNTS:

5% on 5 or more bulls purchased and 10% on 10 or more bulls purchased.

ACCOMMODATIONS:

Minot, North Dakota, has excellent lodging facilities and is located approximately 20 miles from the ranch. For reservations, call the motel directly or contact Lynn Frey (701-728-6678).

The Grand International 701-852-3161
Holiday Inn Riverside 701-852-7504
Comfort Inn 701-852-2201
Dakota Inn 701-838-2700
Kelly Inn 701-852-4300

TRANSPORTATION:

Delta, Frontier, Allegiant and United Airlines serve Minot. The Freys would be happy to meet planes upon request.

TRUCKING:

Free delivery on bulls will be provided by Frey Angus Ranch in North Dakota and adjacent states. Elsewhere at cost. Frey Angus Ranch will assist on making trucking arrangements on females.

HEALTH PROGRAM:

Cattle were preconditioned in September with InForce 3, Ultrabac 7/ Somubac, One Shot and a booster of Resvar 4/Somubac. They were also poured with Dectomax at weaning and in December. Cattle will be furnished with interstate health papers as needed. Heifers are Bangs vaccinated.

INSURANCE:

Lois Frey, agent, Hartland Agency 701-838-3716

Mortality only:

1 year – 6%; 6 months – 4%; 3 months – 3.6%; 1 month 2.4%
Additional policy fee of \$40

All persons attend the sale at their own risk. The seller and sales management assume no liability, legal or otherwise, for any accidents occurring in, on or about the premises. They buyers must look to the seller for fulfillment of all guarantees and representations made hereunder.

LUNCH:

A complimentary beef barbecue lunch will be served at noon sale day.

Hello and welcome to our 45th Annual Bull Sale!
Sunday, February 2, 2020 • Granville, ND

"The Brand of Performance"

Dear Friends and Customers,

As we write this letter, we are entering into the Holiday Season and about to see the end of a year that presented a number of challenges that were more serious to some than others. As many of us in agriculture express, there is always the hope of a better year next year and find appreciation for what we have. We were fortunate to have put together a sufficient feed supply and an exceptional calf crop. We are extremely excited about the offering and especially the bulls we will be exhibiting at the National Western in Denver.

Lynsey, Edward, Arlen, Lynn & Dustin

Again we would like to invite you to be with us on "SUPER BULL SUNDAY," February 2, 2020, for our 45th Annual Production Sale at Frey Angus Ranch. We will be offering a SUPER set of Angus cattle which represent the following:

SUPER CALVING EASE: generations of cattle known for shorter gestations which allow for lighter calves that grow

SUPER MILKING ABILITY: generations of females with optimum milk production to allow for heavier weights and successful rebreeding

SUPER GROWTH: cattle that continue to perform in the feedlot and produce high-valued carcasses

SUPER SERVICE: cattle that sell with a guarantee second-to-none, you deserve nothing less

In addition to the above, the bulls have been developed on a sound growing ration with complete performance and carcass information. All of the bulls have been DNA tested under the Angus GS program for enhanced EPDs, parentage verification and are free of genetic defects unless otherwise stated as carriers.

The average birth weights are 78 pounds as a result of selection for shorter gestation and those suitable as calving-ease bulls are identified as such. The average adjusted 205-day weaning weight is 768 pounds and their average daily gain for the first 130 days after weaning on August 13th was 3.42 pounds with an average weight per day of age of 3.58 pounds. This information in addition to their 12-21-2019 weight is posted for each individual. Carcass data will be available on sale day from ultrasound as well as updated carcass EPDs.

The sale offering will be sorted and penned on display for your evaluation. The cattle will be sold in catalog order, however via big screen TV in our heated sale barn. A video of the entire offering will be on our website as well as on www.dvauction.com.

Again, we invite you to be with us on Sunday, February 2, 2020. Come early for a complimentary beef lunch. If we can be of assistance, please do not hesitate to call. You are always welcome to come and view the cattle at any time.

THERE IS A DIFFERENCE WITH CATTLE PURCHASED FROM FREY ANGUS RANCH

- ✓ The cattle will be cataloged according to the sale order.
- ✓ You can evaluate selections with complete meaningful ratios for weaning, gain, yearling and scrotal performance.
- ✓ You have the most updated EPD information available for birth, weaning, combined maternal traits, yearling weights, scrotal size and carcass traits.
- ✓ Bulls will be evaluated for carcass merit by ultrasound.
- ✓ Your purchases will not have been exposed to other cattle in stockyard facilities – they are born, tested and sold at the ranch. These are all FAR-bred and raised cattle.
- ✓ Your purchases will have been developed on a feed test ration designed for optimum roughage utilization, genetic expression and soundness. They are naturally thick and heavy muscled.
- ✓ You can obtain cattle from a cowherd that is successfully AI-bred for a 60-day calving period and noted for calving ease.
- ✓ your bulls will have been screened for fertility soundness and testicle measured – you cannot risk anything else.
- ✓ You can find bulls not only ideal for first-calf heifers, but also good enough and big enough you'll want to use them on your cows as well. Many January and February yearlings.
- ✓ Calving-ease bulls will be identified and recommended for use on heifers. Nearly two-thirds of the bulls are calving ease.
- ✓ You can put together uniform groups of half- and three-quarter brothers. Uniformity is a bred-in trait with these cattle.
- ✓ Your purchases will represent over 60 years of selection for cattle that calve easily, milk and grow. Many of the cattle will have from six to 10 generations of FAR breeding.
- ✓ Your bulls will be unconditionally guaranteed for injury through breeding season. A replacement will be made available or credit in forthcoming sales for those bulls which fail to breed, as indicated in the terms and conditions.
- ✓ Free delivery will be offered on bulls selling to North Dakota and adjacent states. Your purchases will be delivered directly to your ranch facilities. Reasonable costs on delivery elsewhere will offered as well.
- ✓ Feeding arrangements will be available on the bulls at a charge of \$3 per day.
- ✓ Your purchases will be affordable. This volume of quality cattle selling will sell in everyone's price range. You'll get the most for your dollar.
- ✓ Volume discounts available.

GLOSSARY & EPD EXPLANATIONS

PERFORMANCE DATA

All of the EPDs, birth weights, 205-day weights, ratios and carcass information in this catalog are official data processed by the American Angus Association and Red Angus Association of America. The information was the most current information available prior to printing the catalog. Supplemental information will be available sale day.

EXPECTED PROGENY DIFFERENCES

EPDs are the prediction of how progeny from each animal is expected to perform relative to the progeny of other animals in the Angus breed. As data continues to accumulate, accuracy levels rise and EPDs will shift accordingly.

CALVING EASE DIRECT (CED)

Is expressed as a difference in percentage of unassisted births with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers. Breed average is +6.

BIRTH WEIGHT EPD (BW)

Expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires. Breed average is +1.3.

WEANING WEIGHT EPD (WW)

Expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires. Breed average is +54.

YEARLING WEIGHT EPD (YW)

Expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires. Breed average is +96.

MATERNAL MILK EPD (MILK)

Is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability. Breed average is +24.

CARCASS WEIGHT EPD (CW)

Expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires. Breed average is +40.

MARBLING EPD (MARB)

Expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires. Breed average is +0.53

RIBEYE AREA EPD (RE)

Expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires. Breed average is +0.55.

BEEF VALUE (\$B)

An index value expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires. Breed average is +130.

SCROTAL CIRCUMFERENCE (SC)

Scrotal measurements in centimeters will be cataloged on all bulls selling. A measurement of 33 centimeters is considered acceptable for yearling bulls. The larger the measurement is a good indication of semen volume one can expect from each bull. Scrotal circumference in catalog is adjusted to 365 days of age for yearling bulls. Older bulls are actuals.

TERMS & CONDITIONS

UNCONDITIONAL GUARANTEE

FOR INJURY OF BULLS:

Frey Angus Ranch will guarantee bulls for injury through the first breeding season which will end as of September 1 in the year of purchase. A replacement will be made through credit in forthcoming sales for those bulls which fail to breed as a result of injury. Salvage value of \$2,500 per bull will be deducted from credit. Buyer will retain full salvage of injured bull. Injury resulting in death or death of bull will not be the responsibility of Frey Angus Ranch. This is an insurable risk that the purchaser can obtain coverage for through Hartland Insurance Agency, Lois Frey, agent, 701-838-3716, .Injury or Death prior to Delivery, at the time of purchase.

SATISFACTORY SEMEN EVALUATION ON BULLS:

Frey Angus Ranch will guarantee a satisfactory semen evaluation prior to the first breeding season on all bulls selling. This will be prior to the date of June 1st in the year of purchase. A replacement will be made available or credit in forthcoming sales for those bulls which fail to pass a satisfactory semen evaluation in the this time period. The testing and return of the bull will be the responsibility of the purchaser.

DELIVERY OF BULLS:

Frey Angus Ranch will provide free keep and delivery of bulls after April 1. Those hauling their purchased bulls during the week after the sale will receive \$100 per head discount. The buyer will be responsible for obtaining a semen evaluation test after April 1 and prior to June 1 on bulls where delivery is taken and discount is provided.

VOLUME DISCOUNTS:

5% on 5 or more bulls purchased and 10% on 10 or more bulls purchased.

INJURY OR DEATH PRIOR TO DELIVERY:

Injury resulting in death or death of the bull prior to delivery will not be the responsibility of Frey Angus Ranch. This is an insurable risk with coverage offered at time of sale at the following cost of coverage:

Lois Frey, agent, Hartland Agency701-838-3716

Mortality Only:

1 year term.....	6%
6 months term	4%
3 months term	3.6%
1 month term	2.4%
Additional policy fee of \$40

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-33 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	28	Milk	33
Birth Weight	21	Mature Weight	11
Weaning Weight	26	Mature Height	8
Yearling Weight	21	Carcass Weight	9
Dry Matter Intake	8	Yearling Height	11
Scrotal Circumference	13	Carcass Marbling	9
Docility	10	Carcass Ribeye	12
Heifer Pregnancy	14	Carcass Fat	10

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

www.angus.org

TERMS & CONDITIONS

TERMS OF SALE

Announcements

1. If there is any inconsistency in the terms of any sales materials, including sale books, supplement sheets or day-of-sale announcements, (i) the day-of-sale announcement will control over both the supplement sheet and the sale book, and (ii) the supplement sheet will control over the sale book.

Cash Sale

1. All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale.

Buyer's Risk at the Time of Sale

1. The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs sooner.

Identification Responsibilities

1. Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (e.g., tattoo, hot-iron brand or freeze brand) corresponding to its registration.
2. The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies or irregularities to the seller immediately.
3. In those cases where a nickname is used by the seller, the nickname must also be accompanied by the official registered name and number of the animal.

Certificates of Registration

1. A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment.

Artificial Insemination (AI) Service Certificates

1. AI Service certificates will be the responsibility of the buyer unless otherwise specified by the seller.

GUARANTEES

Health

1. Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

Conformance with Registration

1. The seller guarantees that all sold animals are registered in accordance with the rules of the American Angus Association.
2. The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of the American Angus Association.
3. The seller guarantees to the buyer that with respect to all females exposed to multiple service sires, each such service sire will have parentage markers on file with the American Angus Association. (As adopted February 21, 2014)

*These Suggested Sales Terms and Conditions have been drafted for optional use by sellers in multiple types of transactions including auctions, internet auctions, private treaty sales and private treaty sale "bid offs." Whether to use them as drafted, as modified, or not at all, is left to the independent business judgment of every seller. They are for sellers' consideration and voluntary use.

Pedigree, Performance and Genetic Information

1. The seller guarantees to the buyer that the pedigree, performance data and genetic information, as represented in any sales materials (including any sale book, supplement sheet or day-of-sale announcement), are accurate. The seller shall provide "as of" date for all information from the American Angus Association database.
2. The absence of any such designation on the pedigree of an animal, as set forth in any sales materials, does not establish that the animal in question is not a carrier of any such genetic factor.
3. In those cases where a commonly understood nickname is used by the seller, the seller guarantees the pedigree of the animal based on the commonly understood nickname.

Sex

1. Unless otherwise represented by the seller, there are no guarantees that offspring will be of a particular sex.

Breeding Guarantees

1. The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; and (d) animals subjected to gross negligence by or willful misconduct on the part of the buyer.
2. The seller guarantees that all bulls are breeders for a period of 90 days following the initial turn out with buyer's herd, but only if such bulls are at least 12 months old at the time of sale and have not been allowed to run with the herd until at least 14 months of age. A bull that settles a cow by natural service and passes a fertility test performed by a competent veterinarian or reproductive technician mutually agreed upon by the buyer and the seller will be considered a breeder. Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.
3. Cows with calves at their side are presumed to be breeders with no further fertility guarantee.
4. "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation).
5. "Served" females are not guaranteed to be in calf.
6. "Pasture-bred" females have been exposed but are not guaranteed to be in calf.
7. "Open" females are guaranteed by the seller to be without calf.
8. Donor females:
 - a. Unless otherwise agreed by the buyer and the seller, a female that has been used in an embryo transfer program is not guaranteed to be a breeder after the date of the sale.
 - b. Unless otherwise agreed by the buyer and the seller, a female is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.
9. The seller makes the following guarantees with respect to all "pregnant recipients": (i) that the female is pregnant, (ii) that the resulting calf is of the pedigree represented, and (iii) that the resulting calf is of the sex represented (if so represented).

Semen

1. Unless otherwise agreed by the buyer and the seller, with respect to the sale of semen the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

Embryos

1. Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

Privileges of Return or Adjustment: Options

1. With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

2. Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

3. If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim.

Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4. If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of the sale.

5. If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of sale.

6. If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. The Seller is responsible for all transportation expenses.

7. White skin or hair must not be painted or altered. If such painting or alteration has occurred, the buyer may return the animal to the farm of the seller for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer.

8. If an animal is sold and subsequently becomes ineligible for registration under the rules of the American Angus Association for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

9. If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

10. If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

11. Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

Disclosure or Retention of Genetic Materials

1. If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

GENETIC CONDITIONS: REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL.

1. In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of (1) any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by the American Angus Association) as a carrier of any genetic conditions recognized by the American Angus Association, and (2) whether the animal has a potential carrier designation on its pedigree for any genetic condition that is recognized by the American Angus Association.

Optional Guarantee: Genetic Conditions

1. The buyer and seller may determine the scope and duration of a guarantee, if any, on an individual basis. The seller may, but is not required, to provide a guarantee to the buyer relating to genetic conditions.
2. Nothing contained herein should be construed to relieve the parties from complying fully with all the rules and policies of the Association relating to genetic conditions generally or individually.

MISCELLANEOUS

1. The above terms and conditions of sale constitute a contract between the buyer and the seller of each animal and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.
2. Neither the American Angus Association nor any director, officer, employee or representative of the Association or any of its related entities assumes any liability, legal or otherwise, in connection with any sale or transaction conducted under the terms of the Suggested Sales Terms and Conditions. Nor shall the American Angus Association, its directors, officers, employees or representatives assume any liability or be responsible in any way for enforcing the terms and conditions of any agreement between buyer and seller.
3. Neither the sponsor or sponsors, the sale manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.
4. These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale of the animal or animals occurs, without giving effect to such state's choice of law rules.

UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF ANGUS CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.

Suggested Terms & Condition, American Angus Association, revised September 13, 2017

FREY ANGUS RANCH

THE PEOPLE ...

At the Frey Angus Ranch, you have three cattlemen riding herd on your investment. Your investment represents nearly 70 years of breeding and selection for cattle that are acceptable in size, correct in structure, sound in their movement, and functional on the range, in the feedlot, and desirable as the end product to the consumer. Cattle that calve easy, breed back quickly, milk and grow. They do it consistently and in a superior manner. Our records show it, our cattle prove it and we guarantee it. Count on these bulls to make a difference in your operations profit. We intend to see to it that our cattle make a difference in your program. You deserve nothing less.

THE CATTLE ...

At the Frey Angus Ranch, the cattle are measured for profit.

- Profit is a live calf at birth
- Profit is a good milking, sound-uddered cow that breeds back quickly and weans a heavy calf every year
- Profit is a carcass of high value and quality
- Profit is eventually determined by herd sire selections

Here you will be able to select from value added bulls where profit and quality are stressed right down to the last bull to sell. The bulls offered will have a strong maternal influence of FAR Krugerrand 410H, the 2002 National Western Champion Bull bred by Frey Angus Ranch. Many of his daughters and grand-daughters will have produced sons by some of the most prominent herd sires of the breed: Freys Appearance, KR Black Jack 5038, KR Outfit, Freys Presence, HA Cowboy Up 5405, Mogck Bullseye, Connealy Fortune 752L, SAV Institute 4281, KR Casino 6243, TEF Outside 514 and others.

THE PROGRAM ...

At Frey Angus Ranch, the program is a simple one. It is a program where performance testing breeds performance and where the cowherd makes a difference. Each cow has to make a difference and that difference is measured in the average results in the bulls selling. The average birth weights are at or near breed average of 78#, average weaning weights of 768#, and average yearling weights of 1315#. These are fertile, mature, and active bulls with balanced EPD's and exceptional individual performance that also includes carcass information determined by ultrasound. These bulls will be delivered to your ranch after April 1st at no charge with an unconditional guarantee for injury through the first breeding season. Most importantly, these bulls will work because they are bred and developed to do so. They are the kind that make a difference.

HOW DOES FREY ANGUS RANCH COMPARE?

	Breed Average	FAR Average	Difference
Birth Weight	78#	78#	-0-
205 Day Weight	655#	768#	+113#

- Acclaim 7135 was also used on yearling heifers for his calving ease.

DENVER CARLOAD BULLS

In 44 years of production sales, we have seldom, if ever, written footnotes for each individual offering. We have provided as much individual data on each of the offering, sorted them to our liking, and they would sell themselves. The first 13 lots were selected for the Denver carload and pen shows and managed accordingly. They are not necessarily the

best individuals of the offering, however, in our opinion, they fit together and would best represent our program in Denver. Something which we have seldom, if ever done, is to sell any of the offering prior to the sale. This year will be an exception as we are offering the pick of the carload and pen bulls in the National Western Angus Bull Sale on Thursday, Jan. 16, 2020.

Calving ease.

The lead-off bull, Lot 1, is out of a first-calf heifer sired by a son of Mogck Bullseye and sired by Freys Presence who is in turn sired by Freys Appearance. This calf presents fresh genetics from our program in a very complete and attractive package – both phenotypically and on paper with balanced EPDs. He was selected as Reserve Bull Calf Champion at the 2019 NILE this past fall. A performance-based bull that would certainly halter.

This Cowboy Up son had two full brothers in the 2019 Carload for us at the National Western. One of the brothers is standing at Semex and their dam also produced the high-selling bull at \$30,000 in our 2018 sale to CRV bull stud.

An exceptional bull to end the Denver bulls that has a great deal to offer with calving ease, growth and a strong daughter of Upward for maternal traits.

Calving ease.

2-YEAR-OLD ANGUS BULLS

These bulls either saw use for us on virgin heifers this past breeding season or were kept as spare bulls for our program. They have been developed to insure that they will function quite well and service a larger number of females.

What a bull to start the yearling bulls. An ET calf out of the granddam of Freys Cowboy Logic that topped our 2019 sale at \$70,000 to Hoover Angus and Select Sires. She was also the dam of Freys Opportunity 148A that stands for Semex. Not too often do you find a bull that excels in calving ease, growth, carcass and maternal traits. His individual performance and \$C are second to none and he is not that hard to look at.

We will follow with a son of Connelly Fortune 752L that was purchased at a high figure by Pete Thompson and CRV in Connelly's 2018 sale. His dam by Young Dale Xcaliber 32X produced the heaviest calf at weaning who continues with one of the highest weight per day of age. His EPDs are quite amazing with a unique pedigree.

The dam of the ET bothers selling as lots 54 and 55 is an OS carrier and these individuals are as well. They were initially candidates for the carload until they tested as carriers and will not be registerable. They certainly have the ability to offer a great deal in a commercial setting in our opinion as terminal sires. You be the judge. Non-registered. OS.

Freys Cowboy Logic was the lead-off bull in our 2019 National Western Carload and the high-selling bull at \$70,000 to Hoover Angus and Select Sires. Logic gained a lot of attention in Denver for type, kind and eye appeal. You especially like him on paper with an exceptional birth-to-yearling spread with a +17 CED, negative BW EPD and a YW EPD in the top 5% of the breed. His dam records 362-day calving interval, birth ratio of 4@96, weaning ratio of 4@105, yearling ratio off 4@113, IMF ratio of 4@104 and RE ratio of 4@102. His granddam is a successful donor cow producing Freys Opportunity 148A that stands at Semex and is the dam of Lot 24 in our 2020 sale.

KR Quality 8525 was our Pick of the 2019 Krebs Ranch Sale. He was their anchor bull in the 2019 Grand Champion Carload at the National Western. We appreciated the stoutness and quality that this bull exhibits. He is made to sire pounds of pure performance, but unlike other bulls with this much punch, he has an extra shot of style and eye appeal. He is clean sheathed, correct in his pattern and smooth in his design, thus the name KR QUALITY 8525. We anticipate that in the future when you want his type of cattle – you will think and want QUALITY.
