## WELCOME TO FREY ANGUS RANCH

Hello and Welcome to our 51st Annual Production Sale

February 1<sup>st</sup>, 2026

We appreciate you making the effort to be with us today. If there is anything we can do for you, please ask anyone of us for assistance. Please help yourself to the donuts and coffee.

Lunch will be served at 11:30 a.m. and the sale will begin at 1:00 p.m.

Please stop at the office to sign up for your Buyers Number.

### PENNING ARRANGEMENTS

SALE CATTLE will be penned according to the attached map of pens.

### ULTRASOUND CARCASS EVALUATION

Ultrasounds were performed 1-20-2026. We were again pleased with the outcome. Our average ribeye size was 15.2 sq. inches as compared to breed average of 12.66 sq. inches. All bulls scanned were above breed average in ribeye size. The average %IMF was 4.38 as compared to breed average of 3.82.

### DNA TESTING

All of the offering selling have been DNA tested under the Angus GS program for enhanced EPD's, parentage verification and are free of being carriers for genetic defects with the exception of Lot 100 that has been determined to be DDC. If by chance we have missed any potential carriers, we will guarantee them to be free of being a carrier.

### ADJUSTED YEARLING WEIGHTS, SCROTAL AND FRAME SCORE

The attached supplement sheet in addition to ultrasound data includes actual scrotal measurements, adjusted yearling weights and frame scores. The average scrotal measurements were 37.9 cm and the average adjusted yearling weights were 1404 pounds. The average daily gain on a 154 day test was 3.83 pounds per day. The average frame score was 6.3. Please keep in mind that the younger bulls will see an average increase of ½ centimeter in size each month up to a year of age.

Thank you for being with us, come again anytime!

Please let us know if we can help you in anyway.

THE FREYS

Lynn, Arlen, Edward, Dustin and Lance
